Academic year: 2023-24
Activity: Career Counselling
Participants count: 642
Date of activity: 27/12/2023
Place: Kamla Nehru Mahavidyalaya, Nagpur
Objective: To improve employability among the students

Getting proper guidance from trained career counsellors can help us set long-term career goals, and also find the pathway to achieve them. Many students are determined to achieve academic excellence, and there's a lot of pressure on those who are pursuing a degree to perform well so that they can lock down a good job after college. Whether that pressure comes from parents, internalized beliefs, peers, or professors, it can make the transition to post-grad life challenging. Career counselling session was organised for these students.
