The resource person for the session was Mr. Jijo Pious Assistant Professor Department of Commerce, Kamla Nehru Mahavidyalaya Nagpur. He explained that the Business Developers should also need to be good project managers. It is because they have to set targets, plan works, manage the projects, calculate budgets, time & cost, and find ways to mitigate risks. They should be able to lead a team while managing the project. This includes conflict resolution, teamwork support, and performance evaluation. The session was concluded with the question answer session where the students got their doubt clarified by the resource person.
